## Appendix A - References relevant to dual-media contaminant transport and borehole flowmeter testing

Dr. Fred Molz, Stephanie Crisman and Rex Hodges conducted an extensive literature search works related to dual-media contaminant transport and borehole flowmeter testings, as part of a SCUREF contract entitled "Application of Dual-Media Concepts to Contaminant Migration in Heterogeneous Aquifers" (Task Order # WEST054). The citations resulting from this effort and provided in the final report are reproduced below:
